WHEELER & WILSON'S SEWING MACHINES.

The Best, Most Reliable Sewing Machine Now in Use!

These Machines make the lock-stich alike on both sides, and use less than half the thread and silks that the single or double thread loop-stitch Machines do. It will Stitch, Hem, Fell, Quilt, Tuck, Plait, Gather, Cord, Braid, etc., all without previous basting; and are better adapted than any other Sewing Machine in use to the frequent changes and great variety of sewing required in a family; or they will sew from one to twenty thicknesses of Marseilles without stopping; and make every stitch perfect; or from the finest gauze to the heaviest beaver cloth, without changing the feed needle or tension, or making any adjustment of machine whatever!

It has the following advantages over all other machines:

Far greater variety of work; beauty and excellence of stitch; speed and quietness of motion; simplicity of construction; ease and management; elegance of design and finish.

These are peculiar facts, and will go far to determine the choice of an intelligent buyer.

U.S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from August 15th, 1864, with semi-annual interest at the rate of 7 3-10ths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect.—They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subsubscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposits as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of this Loan.

It is a National Savings Bank, offering a higher rate of interest than any other, and *the best security.* Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *can not* pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government money.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their price and accumulated interested, and are the best security with banks as collaterals for discounts.

Convertible into a Six per cent. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent per annum, for the current rate for 5-20 Bonds is not less than *nine per cent. premium,* and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special Act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the *original* certificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

First National Bank of Pittsburgh,
Third National Bank of Pittsburgh,

AND BY ALL NATIONAL BANKS

which are depositaries of Public money, and all

RESPECTABLE BANKS AND BANKERS

throughout the country will give further information and

From the 17th Pa. Cavalry.

CAMP OF 17TH PA. CAVALRY,
NEAR HARPERS FERRY, VA.,
August 26, 1864.

Mr. Editor:—After a long and fatiguing campaign down this Valley we are once more in camp to rest, and write to our friends, &c.

We had a very severe fight, August 11th, near Front Royal, which closed, resulting in a complete victory for us.—In this fight Co. A, Beaver county, lost four men:

Killed—David H. Hublo and David Mercer.

Wounded—Oscar [illegible]y and David M. Bruce.

We fell back [illegible] after the fight to Berryville, there [illegible] until the "Rebs" commenced [illegible] movement, which caused us to [illegible] retreat towards Sheppardstown. Our loss was comparatively small [illegible] the retreat.—Sergt. B. Ramsey being the only one of Co. A. wounded.

All the while we were lying at Sheppardstown the "Rebs" were on our front, but keeping very quiet, until yesterday morning, the 25th, they advanced, our line on the Martinsburg road, they were ready for us. The fight soon became general along the entire line which consisted of Wilson's and ours, (General Merrit's,) Division. We drove them back over the Baltimore and Ohio R. R. but there they had a massed force, and we were compelled to fall back, but not before we had given them a considerable quantity of U. S. lead and iron. Our Regiment here made a mounted charge on a Brigade of Infantry led by Maj. Coe Curland, commanding the Reg't. We lost very heavy both in men and horses. We were relieved from the front after the charge, and slowly fell back on Sliepardstown, Gen. Custar's Brigade fetching up the rear. The rebs pursued us in force, helping us along quite lively. When we were about to turn to take a road leading to Harper's Ferry, they again succeeded in getting between Custar's brigade and the other part of the division. We were then ordered up to make a mounted saber charge to open a way for him to get [illegible]. We went in and found that we were charging a massed force of Infantry in the woods, and were obliged to fall back, which we did, after going directly up to them. Our loss in this charge was not so great as was looked for by all. We now fell back on the Harper's Ferry road, fighting constantly until we came here within two miles of our works and found the rebs had ceased their pursuit. We camped for the night and have remained here all day during all the fight yesterday. Company A lost in wounded five men, namely: Lt. James Potter, wounded and taken prisoner; David Stone, taken prisoner; Corporal A. Hartfort; John McCullough, and Israel Waterhouse, wounded.

It is currently reported here that the rebs are crossing, but what truth there is in it we are not able to learn.

We have drawn supplies, amunition, &c., and are now ready for anything that may turn up.

Yours, &c.

SOLDIER.

Are They Traitors?

Daniel Voorhees, Democratic member of Congress from Indiana, is in excellent standing with the party.—He is the right hand man of Vallandigham, and many persons calling themselves Democrats hereabouts regard Val with absolute veneration.—A short time ago a parcel of boxes of arms and ammunition, designed for the Order of the "Sons of Liberty," was intercepted by the Government authorities, the investigation of which led to the implication of Mr. Voorhees, and upon the examination of his papers the following letters, with many others of like import were found:

HARRISONBURG, Feb. 27, '61.

My Dear Nephew:

* * * We want you to hold that 100,000 men in readiness, as we do not know how soon we may want them.

[Signed,] J. HARDESTY.

Addressed on the envelope, Hon. D. W. Voorhees, Terre Haute, Ind.

INDIANAPOLIS, July 11, '61.

My Dear Voorhees:

I should like to know your private opinion as to the prospects of affairs, so that I may have some basis to go upon. Do you think the South have resources enough to keep the Union forces at bay, and finally force a recognition of their independence, or will Lincoln's army crush them out? You have sources of information which I have not, to enable you to form some opinion upon these matters.

[Signed,] J. J. BINGHAM.

[Bingham is the Sate Printer of Ind.]

Could evidence be more palpable? Can there be the least glimmer or shadow of a doubt, left, as to the designs of the Vallandigham-Voorhees Democracy? Can any one, with a spark of patriotism, or who claims a mite of loyalty, continue to operate with a party led by such a man as Voorhees? Is not the position utterly indefensible—positively incompatible with any principle of patriotism or true manhood? We appeal to men of good sense and capable of exercising their reasoning powers.

How Columbus Looked.—The personal appearance of Columbus was not a bad index of his character. His general air expressed the authority which he knew so well how to exercise. His light gray eyes kindled easily at subjects of interest. He was tall and well formed. His complexion was fair and freckled, and inclined to ruddy. Trouble soon turned his light hair gray, and at thirty years of age it was quite white. Moderate in food and simple in dress, temperate in language, bearing himself with courteous and gentle gravity, religious without being a formalist, repressing his irritable temper with a lofty piety, he was the model of a Christian gentleman. The devout reference of his successes to the Divine favor, with which he concludes the report of his first voyage to the sovereigns of Castile, is highly characteristic of the man.—[*Once a Week.*

OUR CANDIDATES.

We concluded our article last week on "Our Candidates," with Assembly.

The next on our ticket is the candidate for Prothonotary, M. WEYAND, Esq. Mr. Weyand has already filled the office for one term by election, and a few months by appointment, and is therefore a tried man. This is the most difficult, tiying, and responsible office to fill in the county. Few men have the business capacity, prudence and care required to discharge the duties of the office with safety to the public and to themselves. Mr. Weyand possesses all these qualifications to an eminent degree. We but do him simple justice when we say no better or more capable man could be selected for the position. He has proved himself an acceptable and popular officer, which is the best evidence of his ability and fitness. Perfectly honest, always obliging, generous, moral and religious, he is just the kind of a man we would select to fill this or any other office. Our readers are perhaps more familiar with him than any other man on the ticket, as he was for many years editor of this paper; and what we here say of him as an officer, they can say of him as an editor—for he was a good one, filling the editorial chair with ability and acceptability.

For Commissioner, we have JOSEPH IRONS, of Hopewell township. Mr. Irons is an intelligent farmer, a sound Union man, and a pleasant, social gentleman. He has, for a number of years, been a prominent and working member of the Republican and Union party, and is favorably known to most of our readers. He possesses the requisite qualifications to make a good Commissioner, and will undoubtedly be elected.

SAMUEL MCMANAMY, of Economy township, our candidate for Poor House Director, is one of those modest, unassuming men, that are more and more appreciated, esteemed and loved as they become more fully known. The party has no man in it who has labored harder or contributed more, according to his means, for its success, than Mr. McManamy. His nomination was not sought by himself, but was bestowed upon him by the people, because of his worth and fitness for the position.

JAMES WHITHAM, candidate for Auditor, is just the man for the office.—To fill that position properly, requires an experienced calculator and a good business man generally. We have been happy in our selection this year, securing for the position a gentleman qualified in every way to discharge the duties of the office. Mr. Whitham is, beside a gentleman of standing and worth, respected and esteemed by all who know him.

A. B. MOORE and J. C. WILSON, Esq'r's. and Rev. D. L. DEMPSEY, D.D., candidates for Trustees of Academy, are gentlemen so well known to the public that we need hardly say their nomination reflects credit on the party. They are men worthy and capable of filling any office, and will faithfully discharge the duties of the office for which they are named.

The ticket is unexceptionable, and we feel assured the people will feel as we do, that no better men could be selected, and that each candidate will be elected—as he ought to be—with an overwhelming vote. All good men and true, capable, trustworthy, patriotic and moral, their selection speaks well for the party, and their election will reflect credit upon the people.

Progress of the Union Armies.

That the Union armies have been making gigantic progress during the last few weeks, our readers are ere this well aware. The late glorious news confirms the most sanguine anticipations, and we can now stop a moment and consider the great steps which have been taken.

First in the date of occurrence is the investment and capture of Fort Morgan, near the entrance of Mobile Bay. The capture of this strong fortification assures the speedy capture of Mobile, and places the whole State of Alabama in our power. Then the capture of Atlanta, the most important stronghold and the point of the greatest strategic importance in the whole Confederacy, seems to have almost put the finishing stroke to rebellion in that quarter. The capture of Atlanta has been looked upon from the beginning of this campaign as the great event of the war by both rebels and Union men. It has long since been acknowledge that the loss of this stronghold would prove fatal to the rebels in the South-West. We now hold that place. Atlanta is ours.—Well may the friends of the Union take fresh courage. The rebellion is fast crumbling to pieces;—their citadel in the South-West is in our hands. The strongest fortifications upon the Gulf have either surrendered to our arms or capitulated in advance.—While on the other hand the army under Gen. Grant has secure possession of the Weldon Railroad, thus cutting off the supplies from the army of Gen. Lee. Gen Grant says he only wants 100,000 more men to complete the capture of Richmond. And lo; in response to his call, more than twice that number are already flocking to his standard.

We desire to ask the calm if anything like this has ever before been witnessed? Are not the signs of the times most glorious? Verily, we who have been watching through the dark nights of 1862, and the gloomy days of 1863, are beginning to see that the long night of the Republic is beginning to break away. The dawn of morning approaches. Already in the fall of Atlanta may we trail the first beams of that bright morning star which shall prove the harbinger of the only true peace to our country. Even as we write, the tops of the mountains begin to kindle with the approaching rays of that glorious luminary which shall soon rise in unclouded majesty, and before whose brilliancy all the fogs and mists of the late darkness shall melt away, and as he moves on to his zenith in the heavens then will be realized that a new nation is awaking to life, and the nations of the Old World will behold with admiration the dawning of the new life of the Republic.

Union men, look up and take fresh courage. Have a little more faith in the energy and the patriotism of the people.

The late conclave of demagogues and traitors that assembled at Chicago, under the falsely assumed name of Democratic National Convention, are astounded and abashed by the spectacle which a few days has opened to their view. Close up the ranks.—Let us push forward, and in November we shall see the achievement of a double victory in the overthrow of rebellion in the South and its sympathizing friends in the North.

The Chicago Convention.

The friends of His Excellency, Jefferson Davis, held their Convention in Chicago last week, and nominated candidates for President and Vice President. The Convention was composed of fossilized Whigs, renegade Democrats, ultra peace-men Copperheads, and avowed sympathizers with the cause of rebellion. The programme was made out in Richmond and published some weeks since in the Richmond *Examiner*. Those of our readers who read the extract taken from the paper some weeks ago will not need to read the proceedings of the Convention. Saunders attended the Convention as a special Commissioner of Mr. Davis, and endorsed all the proceedings except the nomination of McClellan, which he objected to only as it might *seem* to be a leaning toward the war faction. He telegraphed to Clay and Holcombe in Canada, that the Platform, Speeches and proceedings were admirable—could not have suited their purpose better. Billy Bigler, of this State, who by mistake, was once Governor, but who is noted for nothing but his want of brains, was made temporary Chairman. Billy said a *little* speech—very little it is true, but just enough to let the Convention and the world know he was a traitor and gloried in his treason. Guthrie, of Kentucky, whose treason no one doubts, was made Chairman of the Committee on Resolutions—selected, we have no donbt, by Davis himself. Seymour, of New York, who from his position, done more to embarrass and injure the Government than any other man, was permanent President. Vallandigham was the most popular man in the Convention, because he was the boldest traitor. The resolutions are what the *Examiner* recommended—short and indistinct but sufficiently explicit to satisfy the *Democrats* of the South.

Gen. McClellan was on the first ballot nominated for President, consummating what was proposed when he took command of the Army of the Potomac, and showing that traitors may keep faith with each other. McClellan is said by some to be a War Democrat, and we have no doubt he is, but he is for war on the part of the South against the North. He is the worst man to day in the nation. The injury he has done us is equally as great as that of Jeff Davis. Without ability and without principle, he betrayed the confidence reposed in him by the Government and the people—sought and almost accomplished the ruin of the nation, and at the same time prostrated his high position to the accomplishment of partizan proposes. We but speak the honest sentiments of our heart when we say that we would prefer the nonination and election of Vallandigham to that of McClellan Vallandigham has some ability honesty and independence, which McClellan has not. He always has, and ever will, be the tool in the hands of corrupt, designing traitors. But more of him again.

Pendleton, the nominee for Vice President, is a follower and co-worker with Vallandigham. Guthrie was proposed, but one of the delegates suggested that as he lived in Kantucky when the independence of the South was recognized, he would be in another nation, and the Convention did not not nominate him. We presume he was promised the same position in the Confederacy. If there were any danger of the election of these men, we would feel like despairing of our country; but we are thankful there is none. Old Abe will be elected as certain as the day of the election comes, by an overwhelming vote. The masses are yet loyal, and will sustain the Government and crush out treason. The names of those composing the Chicago Convention will go down to posterity, dishonered and infamous. The Hartford Convention in comparison with that, will be as that of the Congress of 1776 compared with the Congress at Montgomery in 1861. Benedict Arnolds treason will be forgotten, and as compared with some of these men, he will be regarded as a pretty fair representative of honesty and patriotism.

Sec. Stanton's Bulletin.

WASHINGTON Sept 2.

To Major Gen'l Dix: The following telegram from Gen. Slocum, dated this day in Atlanta and just received, confirms the capture of the city: Gen. Sherman has taken Atlanta. The 20th corps occupies the city. The main army is on the Macon road near East Point. A battle was fought near that point in which Gen Sherman was successful.

[Signed] H. W. SLOCUM, Maj. Gen.

September 2.

This Department has received intelligence this evening that Gen. Sherman's advance entered Atlanta about noon to-day. The particulars have not been received, but telegraphic communication during the night with Atlanta direct is expected.

It is ascertained with reasonable certainty that the naval and other credits required by the act of Congress will amount to about two hundred thousand, including New York, which has not yet been reported to the department, so that the President's call of July 15th is practically reduced to 300,000 men to meet and take the place: *First*—The new enlistments in the navy; *Second*—The casualties of battle, sickness, prisoners, and desertion; and *Third*—The hundred days' troops and all others going out by expiration of service.

This Fall, one hundred thousand new troops, promptly furnished, is all that Gen. Grant asks for the capture of Richmond, and to give a finishing blow to the rebel armies yet in the field. The residue of the call would be adequate for garrisons in forts and cities, and to guard all the lines of communication and supply, and to free the country from guerrillas, give security to trade, commerce and travel, and establish peace, order and tranquility in every State.

E. M. STANTON, Sec of War.

WAR DEPARTMENT, Sept. 4, 1864—Major Gen'l Dix: General Sherman's official report of the capture of Atlanta has just been received by this Department. It is dated 26 miles south of Atlanta, 6 o'clock yesterday morning, but was detained by the breaking of the telegraph lines mentioned in my dispach of last night.

"As already reported, the army withdrew from about Atlanta, and on the 30th had made a break of the East Point road, and reached a good position from which to strike the Macon road—the right, (Howard) near Jonesboro; the left (Schofield) near Rough and Ready, and the centre (Thomas) at Couch's.

"Howard found the enemy in force at Jonesboro, and intrenched his troops, the salient within half a mile of the railroad. The enemy attacked him at three p. m., but was easily repulsed, leaving his dead and wounded. "Finding strong opposition on the road, I advanced the left and centre rapidly to the railroad, made a good lodgment, and broke it all the way from Rough-and-Ready down to Howard's left, near Jonesboro, and by the same movement, I interposed my whole army between Atlanta and the part of the enemy intrenched in and around Jonesboro.

"We made a general attack on the enemy at Jonesboro, on the first of September, the Fourteenth Corps, Gen. Jeff. C. Davis, carrying the works handsomely, with ten guns and about a thousand prisoners.

"In the night the enemy retreated south and we have followed him to another of his hastily-constructed lines near Lovejoy's Station. Hood at Atlanta, finding me on his road, the only one that could supply him, and between him and a considerable part of his army, blew up his magazines in Atlanta, and left in the night-time when the Twentieth Corps, Gen. Slocum, took possession of the place. So Atlanta is ours, and fairly won.

Since the 5th of May we have been in one constant battle or skirmish, and need rest. Our losses will not exceed twelve hundred, and we have possession of over three hundred Rebel dead, two hundred and fifty wounded, and over fifteen hundred well.

W. T. SHERMAN, Maj Gen.

A later despatch from Gen. Slocum, dated at Atlanta last night (the 3d) at 9 p. m., states that the enemy destroyed seven locomotives and eighty-one cars loaded with ammunition, small arms and stores, and left fourteen pieces of artillery, most of them uninjured, and a large number of small arms. Deserters are constantly coming into our lines.

E. M. STANTON, Sec. of War.

Death of John Morgan.

The news of the death of the rebel raider John Morgan, is a welcome item; not that we glory in the death of a sinner, but rather that he would turn and live as becometh a man and a citizen. But he has gone, and an awful account there is for him to settle. Probably no man in the rebel army did so much mischief, spread so much desolation, committed more cold blooded and inhuman murders, than did John Morgan. He was a first class land pirate. Gen. Gillem, at Bull's Gap reports on the 4th inst., having surprised, defeated and killed John Morgan at Greenville. Morgan's force outnumbered that of the Union General, but the surprise was complete. Killed and wounded rebels were scattered along the road for miles. Morgan's staff was captured, and about seventy others. Fifty were killed and about a hundred wounded. This is another addition to the victories over which we are to rejoice to-morrow, and return thanks on Sunday. This is what may be termed the rebellion making headway—to its bitter end.—*Pitts. Com.*

☞It was the remark of an observing man, on hearing of the doings at Chicago, that the bottom would fall out of the entire business in two weeks. The appearances now are, he gave too much time by half.

The 7-30s.--What Are They?

We trust that a large portion of our readers have pondered the Appeal of Mr. Fessenden, our new Secretary of the Treasury. The purport of it is that the people of the United States, acting as a body through their agent the Government, wish individuals to lend them two hundred millions of dollars for three years, at seven and three-tenths per cent. annual interest, payable every six months. For this they offer Treasury Notes—that is, in reality, notes drawn and endorsed by every man in the country. The loan is wanted for a great national purpose, to effect which every man, unless he be a traitor at heart if not in act, is solemnly pledged.

The Appeal is addressed not merely to a few great capitalists, but also to the many whose aggregate means constitute the mass of the wealth of the land. The notes upon which this loan is asked are from $50 upward. Every man who has fifty dollars can take part in this loan. Apart from patriotism and the duty which all owe to their country, no investment is so desirable as this.

It is secure. Every dollar of every man's property is pledged for the punctual payment of the interest and of the debt when due. The security is increasing in value. For some years before the war we were earning 1000 millions a year more than we spent. During the three years of the war, owing to the high prices and constant demand for labor, we have earned more than ever before. No man who could or would work has been idle; and, except for the war, we have spent less than before. The total valuation of the property of the United States, according to the census of 1860, was $16,159,000,000, of which $10,957,448,956 was in the Loyal States. This valuation, according to the usual rule of assessment, was not more than two-thirds of the actual cash value of the property. The increase of property in the Loyal States during the last ten years was over 126 per cent., or an average of 12 6 10 per cent. per annum. In three years of the war we of the United States have certainly earned 3000 millions more than we have spent apart from the war. The cost of the war may de set down at 2000 millions. Deducting this from our net earnings, the People who are security for this loan are 1000 millions richer to day than they were when the war broke out.

No other investment can be so easily convertible. The man who has a Treasury note for $50, or $100, or $1000, can turn it into money more readily, and upon better terms, than if it were invested upon bond and mortgage, or in railroad stocks.

The interest offered is higher than can be realized from any other safe and convertable investment. It is moreover, readily collectable when due To each note are affixed five "coupons," or *interest tickets* due at the expiration of each successive half-year. The holder of a note has simply to cut off one of these coupons, present it at the nearest bank or Government Agency, and receive his interest; the note itself need not be presented at all. Or a coupon thus payable will everywhere be equivalent, when due, to money.

Thus, while this loan presents great advantages to large capitalists, it offers special inducements to those who wish to make a safe and profitable investment of small saving. It is in every way the best Savings' Bank; for every institution of this kind must somehow invest its deposits profitable in order to pay interest and expenses. They will invest largely in this loan as the best investment. But from the gross interest which they receive they must deduct largely for the expenses of the bank. Their usual rate of interest allowed to depositors is 5 per cent. upon sums over $500. The person who invests directly with Government will receive almost 50 per cent. more. Thus the man who deposits $1000 in a private Savings' Bank receives 50 dollars a year interest; if he deposits the same sum in this National Savings' Bank he receives 73 dollars. For those who wish to find a safe, convenient, and profitable means of investing the surplus earnings which they have reserved for their old age or for the benefit of their children, there is nothing which presents so many advantages as this National Loan

It is convertable into a six per cent. gold bearing bond. At the expiration of three years a holder of the notes of the 7.30 loan has the option of accepting payment in full or of funding his notes in a six per cent. gold interest bond, the principle payable is not less than five nor more than twenty years from its date as the Government may elect. For six months past, these bonds have ranged at an average premium of about eight per cent. in the New York market, and have sold at 109 to-day (Aug. 22th), thus making the real rate of interest over ten per cent.; and besides, to make the inducement even greater, Congress by special act exempts its Treasury notes from state and municipal taxation. Could Shylock ask more? Was patriotism ever so liberally rewarded?—*Harper's Magazine.*

MR. CHASE—An attempt has been made to create the impression that Mr. Chase will not support Mr. Lincoln but is in some manner connected with a hostile movement that has not yet developed itself. Reports of this character do Mr. Chase great injustice and are totally at variance with the truth, as will shortly appear from the Ex Secretary's own action. At no time has he occupied a position, entertained a purpose or uttered a sentiment that authorized such reports. He will give all his great influence to assist actively in electing Mr. Lincoln.

☞Gov. Curtin has taken a trip East, by advice of his physician.

The Direct Road to Peace.

The only road to peace, the only direct route, and safe to travel, is that taken by our armies. It will surely lead to peace in the shortest time and is the only one loyal men can take. We hear men talking of peace, as though it was settled that all Mr. Lincoln has to do is to stop fighting and go to negotiating, as though the rebels were beseeching to come back and were waiting for an opportunity to do so. So far from this being the case, every declaration from Richmond is to the effect that the South will not consent to an armistice, and does not desire peace without independence. It is folly to talk of peace with the South unless you are prepared to accept her terms by granting her independence.

It is perfectly evident, therefore, that there is but one direct road to peace, which is the one taken by the armies. We mean an honorable peace. It is true that peace can be obtained by surrendering to the rebels, and the first step would be an armistice. All the talk to the contrary is political clap trap in the interest of the rebels.—*Pitts. Com.*

Resistance of the Draft.

The Sunbury *American*, published in Northumberland county, Pa., contains the following: For some time past it has been rumored that certain districts in Columbia county were determined to resist the execution of the laws in relation to the draft for which the teachings of the party organs of that county had prepared them. It is stated that about one thousand individuals, among them many deserters from the ranks of the army, had assembled in Fishing Creek township, armed and equipped for defense in care of an attack. They entrenched themselves on the side of a mountain, with four peices of artillery but General Couch marched against them with five hundred and eighty men, and they succumbed without firing a shot. A few days ago a deputy Provost Marshal was shot by some of them and severely wounded.

An Appropriate Selection

Governor Seymour, of New York, was manifestly the fittest person in the country to preside over the deliberations of the Chicago Convention. When Jeff. Davis and his fellow conspirators proclaimed the Montgomery Constitution, he declared himself in favor of accepting it in the place of the Constitution of the United States, framed by the fathers of the Republic. He has never made any public declaration of a change of views, and the presumption is he is still in favor of Davis and his bogus Constitution. It is entirely certain that in his speech he had many hard things to say against the North, but not a word of complaint of the South. The Convention, therefore, did a consistent thing by calling him to preside. The act was in harmony with the proceedings, which favored an armistice for a peace attainable only by acknowledging the independence of the South.—*Pitts. Com.*

TO THE POINT.—Benjamin Wood Hunter of Alexandria, Va and formerly one of the largest slaveholders of Virginia, writes to the New York *Tribune* that "the conciliatory feeling which has always characterized the North has led the people of the South into the error that we were all a set of cowards, and would kneel to receive every burden they should see fit to put upon us. He also adds: "There are many in the North who are anxious to see the *Union as it was*. I say, God spare me any such Union. The fact that it is disrupted now, proves conclusively there was no Union. And admitting there was, can any one not see that the same state of affairs will in time be brought about. I claim to be as largely interested in slave, pecuniarily, as any man, with few exceptions, who ever lived in this State, and seldom go upon the streets of Alexandria, or Washington, without meeting them. They are gone. I ask no remuneration, except the establishment of a free Republican Government that will endure for all time."

HOW THESE TRAITORS LOVE ONE ANOTHER.—That the traitors of the South and the traitors of the North understand each other well, we suppose every loyal man in the country, whether North or South, by this time knows and feels. The Chattanooga *Rebel*, of a recent date, seemed to fear that there might be yet some too blind as not to be able to see it, spoke in this wise: "*We admire McClellan, and we admire Buell also*; we admire Vallandigham more than all, because he was against the war at the start and has kept his faith ever since."

Any Northern Copperhead paper would just as cordially say: "We admire Lee, and we admire Beauregard also; and we admire Jeff. Davis more than all, because he was for slavery at the start, and has kept his faith ever since."—*Phil. News.*

☞The boxes containing arms that were seized in Indianapolis at the office of H. H. Dodd, Grand Commander of the "Sons of Liberty," were marked "Sunday School Books." They were sent to the member of the firm who is extensively engaged in the School Book business.

The Chicago Convention and the Gold Market.

The splendid victory of Farragut at Mobile, the failure of the desperate attempts by the rebels to regain possession of the Weldon Railroad, the successful flank movement by Sherman, and the encouraging aspect of the military situation *generally*, caused gold to decline about twenty per cent.—But when the action of the Chicago Convention became known, and the platform adopted was read and the policy of the party reflected over, gold took an upward flight, and has nearly regained its former price. Thus is the success of our armies neutralized by the machinations of politicians acting in sympathy with rebel leaders. These are pertinent facts for the people.—*Pitts. Com.*

FR. Long John Wentworth was called out at the Democratic mass meeting in Chicago, on Saturday night, to follow Vallandigham. The crowd supposed Mr. Wentworth was with them in sentiment and sympathy, but found out their mistake when he preceded to make a Union speech and administered a scathing rebuke to the Canadian exile. An attempt to gag him by the great apostles of free speech failed, and he had his say out, much to their disgust.

Also, in and by the fourth section of an Act approved the 16th of April, 1840, it is enacted that the 13th section of the act passed July 2d, 1839, entitled an act relating to the elections of this Commonwealth, shall not be construed so as to prevent any military officer or borough officer from service as Judge, Inspector or Clerk at any general or special election in this Commonwealth.

And the said act of Assembly, entitled "An Act relating to the elections of this Commonwealth," passed July 2d, 1839, provides as follows:

That the Judge and Inspectors chosen as aforesaid, shall meet at their respective places appointed for holding the election in the districts to which they respectively belong, before 9 o'clock on the morning of the Second Tuesday of October in each and every year, and each of said Inspectors shall appoint one clerk, who shall be a qualified voter of said district.

In case the persons who shall have received the second highest number of votes for Inspector shall not attend on the day of an election, then the person who shall have received the second highest number of votes for Judge at the next preceding election shall act as Inspector in his place; and in case the person elected Judge shall not attend, then the Inspector who received the highest number of votes shall appoint a Judge in his place; and if any vacancy shall continue in the Board for the space of one hour after the time fixed by law for the opening of the election, the qualified voters of the township, ward, or district for which such officers shall have been elected, present at the place of election, shall elect one of their number to fill such vacancy.

It shall be the duty of Assessors respectively to attend at the place of holding every general, special or township election, during the time such election is kept open, for the purpose of giving information to the Inspectors and Judges when called on, in relation to the rights of any persons assessed by them to vote at such elections, or such other matters in relation to the assessments of voters as the said Inspectors or Judges, or either of them shall require from me to time require.

No person shall be permitted to vote at any election, as aforesaid, other than a white freeman of the age of twenty-one years or more, who shall have resided in this State at least one year, and in the election district where he offers to vote, at least ten days immediately preceding such election, and within two years paid a State or County Tax, which shall have been assessed at least ten days before the election. But a citizen of the United States, who has previously been a qualified voter of this State, and removed therefrom and returned, and who shall have resided in the election district and paid taxes as aforesaid, shall be entitled to vote after residing in the State six months: Provided, that the white freemen, citizens of the United States, between the ages of twenty-one and twenty-two years, and having resided in the State one year and in the election district ten days as aforesaid, shall be entitled to vote although they have not paid taxes.

No person shall be permitted to vote whose name is not contained in the list of taxable inhabitants furnished by the Commissioners, unless, first, he produce a receipt for the payment within two years, of a State or county tax, assessed agreeably to the Constitution, and gives satisfactory evidence either on his own oath or affirmation or of another, that he has paid such tax, or on failing to procure a receipt, shall make oath of the payment thereof; or second, if he claims a right to vote by being an elector between the age of twenty-one and twenty-two years, he shall depose on oath or affirmation that he has resided in the State at least one year before his application, and make such proof of the residence in the district as is required in this act; and that he does verily believe, from the account given him that he is of the age aforesaid, and gives such other evidence as is required by this act; whereupon the names of the persons so admitted to vote shall be inserted into the alphabetical list by the Inspectors, and a note made opposite thereto by writing the word "tax," if he shall be admitted to vote by reason of having paid a tax, or the word "age," if he shall be admitted on account of his age, and in either case, the reasons of such votes shall be called out by the clerks, who shall make the like notes in the list of voters kept by them.

In all cases where the name of the person claiming to vote is not found on the list furnished by the Commissioners and Assessor, or his right to vote, whether found there or not, is objected to by any qualified citizen, it shall be the duty of Inspector to examine such persons on oath as to qualification, and, if he claims to have resided within the State one year or more, his oath shall be sufficient proof thereof, but he shall make proof by at least one competent witness, who shall be a qualified elector, that he has resided within the district for more than ten days immediately preceding said election, and shall also himself swear his bona fide residence, in pursuance of his lawful calling, is within the district for the purpose of voting therein.

If any person shall prevent or attempt to prevent any officer of an election, or use or threaten any violence to any such officer or shall interrupt or improperly interfere with him in the execution of his duty, or shall block up or attempt to block up the window or avenue to any window where the same may be holden, or shall riotously disturb the peace of such election, or shall use or practice any intimidation, threats, force or violence, with design to influence unduly, or overpower any elector, or to prevent him from voting, or to restrain the freedom of his choice; such person on conviction shall be fined in any sum not exceeding five hundred dollars, and be imprisoned for any time not less than twelve months; and if it shall be shown that by the Court who the trial of such offence shall be had that the person offending was not a resident of the city, ward, district or township where the said offences was committed and not entitled to vote therein; then, on conviction he shall be sentenced to pay a fine of not less than one hundred nor more than one thousand dollars, and be imprisoned not less than six months nor more than two years.

If any person or persons shall make any bet or wager upon the result of any election within this Commonwealth, or shall offer to make any such bet or wager, either by verbal proclamation thereof, or by written or printed advertisement, challenge or invite any person or persons to make such a bet or wager, upon conviction thereof, he or they shall forfeit and pay three times the amount so bet, or offered to be bet.

If any person not by law qualified shall fraudulently vote at any election within this Commonwealth, or being otherwise qualified, shall vote out of his proper district, or if any person knowing the want of such qualification, shall aid or procure such persons to vote, the person or persons so offending shall, on conviction, be fined in any sum not exceeding two hundred dollars, and be imprisoned for any term not less than three months.

If any person shall vote at more than one election district, or otherwise fraudulently fold and deliver to the inspectors two tickets together, with the intention to vote illegally, or shall vote the same, or if any person shall advise or procure another to do so, he or they so offending shall, on conviction, be fined in any sum not less than fifty nor more than five hundred dollars, and be imprisoned for any term not less than three nor more than twelve months.

If any person not qualified to vote in this Commonwealth agreeably to law, (except the sons of qualified citizens,) shall appear at any place of election for the purpose of issuing tickets, or of influencing the citizens qualified to vote, he shall, on conviction, forfeit and pay any sum not exceeding one hundred dollars for every such offence, and be imprisoned for any term not exceeding three months.

The Return Judges of the respective Districts in this County, are required to meet at the Court House in the borough of Beaver, on the first Friday after the second Tuesday of October next, then and there to perform the duties enjoined upon them by law.

And by "An Act relating to the Elections of this Commonwealth," passed the 2d day of July, 1839, it is provided and directed as follows:

SEC. 81. When two or more counties shall compose a district for the choice of a member or members of the Senate of this Commonwealth, or of the House of representatives of the United States, or of this Commonwealth, the Judges of the election in each county, having met as aforesaid, the Clerks shall make out a fair statement of all the votes which shall have been given at such election, within the county, for every person voted for, as such member or members, which shall be signed by said Judges and attested by the Clerks, and one of the said Judges shall take charge of such certificate, and shall produce the same at a meeting of one Judge from each county, at such places in such district, as is or may be appointed by law for the purpose; which meeting shall be held on the seventh day after the election.

SEC. 82. The Judges of the several counties have met, as aforesaid shall cast up the several county returns and made duplicate returns of all the votes given for such office in said district, and of the names of the person or persons elected, and one of said returns, for each office, shall be deposited in the office of the Prothonotary of the Court of Common Pleas of the county in which they shall meet, and the other shall by said Judges be deposited in nearest post office, sealed and directed as in parts two and three of the eighteenth section of this act.

SEC. 83. It shall also be the duty of the Return Judges in every case, to transmit to each of the persons elected to serve in congress, or in the House of Representatives of this Commonwealth, a certificate of his election, within five days after the day of making up such return.

The Return Judges of the several districts aforesaid are required to meet at the Court House, in Beaver, on the first Friday after the second Tuesday of October next, at ten o'clock, a. m., to perform those things required by law.

SEAL Given under my hand at Beaver, the 6th day of September, in the year of our Lord one thousand eight hundred and sixty-four, and in the eighty-eighth year of the independence of the United States.

WASHER, WRINGER and STARCHER Combined! Silver and Bronze Medals, Diplomas, Certificates, Premiums, and Testimonials, have been received from various sources, both Public and Private.

Self-Adjusting and Adjustable! The only Wringer with the Patent Cog-Wheel Regulator, for turning both rolls together and which positively prevents the rolls from breaking or twisting on the shaft. It is not only a perfect Wringer, but the Cog-wheels give it a power which renders it a most Excellent Washer pressing and separating, as it does, the dirt with the water from the clothes, leaving them dryer, whiter, and smoother than when "wrung" by hand. The water can be pressed from large and small articles, easier, quicker, and more thoroughly than by the ordinary, old-fashioned back-breaking, wrist-straining, and clothes destroying process.—The Cog-wheels prevent all "wear and tear" of clothes by the friction of the rolls or breaking of stitches by twisting.

Without Cog-wheels, the whole strain of forcing the cloth through the Machine is put upon the lower roll, and the cloth is made to act in the place of Cog-wheels, to drive the upper roll, causing a much greater strain upon the lower roll than when Cog-wheels, with our Patent Regulator, are used, besides the extra strain upon the cloth. A Good Canvasser wanted in every town. Liberal inducements offered, and exclusive sale guaranteed.

This most extraordinary book should be in the hands of every young person contemplating marriage, and every man or woman who desires to limit the number of their offspring to their circumstances. Every pain, disease and ache incidental to youth, maturity and old age, is fully explained; every particle of knowledge that should be known is here given. It is full of engravings. FRIENDS AND RELATIVES
OF THE
BRAVE SOLDIERS AND SAILORS.

HOLLOWAY'S PILLS And Ointmnt.

ALL WHO have Friends and Relatives in the Army or Navy, should take especial care that they be amply supplied with those Pills and Ointment; and where the brave Soldiers and Sailors have neglected to provide themselves with them, no better present can be sent them by their friends. They have been proved to be the Soldier's never-failing friend in the hour of need.

COUGHS AND COLDS AFFECTING TROOPS
Will be speedily removed and effectually cured by using these admirable medicines, and by paying proper attention to the Directions which are attached to each Pot or Box.

SICK HEADACHES AND WANT OF APPETITE INCIDENTAL TO SOLDIERS.
These feelings which so sadden us, usually arise from trouble or annoyances, obstructed perspiration, or eating and drinking whatever is unwholesome, thus disturbing the healthful action of the liver and stomach. These organs must be relieved, if you desire to be well. The Pills, taking according to the printed instructions, will quickly a produce a healthy action in both liver and stomach, and as a natural consequence a clear head and good appetite.

WEAKNESS OR DEBILITY INDUCED BY OVER FATIGUE,
Will soon disappear by the use of these invaluable Pills, and the Soldier will quickly acquire additional strength. Never let the bowels be either confined or unduly acted upon. It may seem strange that Holloway's Pills should be recommended for Dysentery and Flux; many persons supposing that they would increase the relaxation. This is a great mistake, for these Pills will correct the liver and stomach and thus remove all the acrid humors from the system. This medicine will give tone and vigor to the whole organic system however deranged, while health and strength follow as a matter of course. Nothing will stop the relaxation of the Bowels so sure as this famous medicine.

VOLUNTEERS ATTENTION! INDISCRETIONS OF YOUTH.
Sores and Ulcers, Blotchings and Swellings, can with certainty be radically cured if the Pills are taken night and morning, and the ointment be freely used as stated in the printed instructions. If treated in any other manner they dry up in one part to break out in another. Whereas this Ointment will remove the humors from the system and leave the Patient a vigorous and healthy man. It will require a little perseverance in bad cases to insure a lasting cure.

FOR WOUNDS EITHER OCCASIONED BY THE BAYONET, OR SABRE OR THE BULLET, SORES OR BRUISES,
To which every Soldier and Sailor are liable there are no medicines so safe, sure and convenient as Holloway's Pills and ointment. The poor wounded and almost dying sufferer might have his wounds dressed immediately, if he would only provide himself with this matchless Ointment, which should be thrust into the wound and smeared all around it, then covered with a piece of linen from his knapsack, and compressed with a handkerchief. Taking night and morning 6 or 8 Pills, to cool the system and prevent inflamation.

Every Soldier's knapsack and Seaman's chest should be provided with these valuable Remedies.

CAUTION.—None are genuine unless the words "*Holloway, New York and London,*" are discernable as a water-mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by *holding the leaf to the light.* A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.
*** Sold at the Manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicines, throughout the civilized world, in boxes at 25 cents, 62 cents and $1 each.
☞ There is considerable saving by taking the larger sizes.
N. B.—Directions for the guidance of patients in every disorder are affixed to each box.

NOW.

Are Dr. Hurd's Preparations Good?

The best evidences that they are is, that their firmest friends and best patrons are those who have used them longest. *Dr. Wm. B. Hurd* is an eminent Dentist of Brooklyn, Treasurer of the New York State Dentists' Association, and these preparations have been used in his private practice for years, and no leading citizen of Brooklyn or Williamsburg questions their excellence, while eminent Dentists of New York recommend them as the best known to the profession. Without the aid of advertising, dealers have sold them by the gross.

The Editor of the *Brooklyn Daily Times* says: "We are happy to know that our friend, Dr. Hurd, is succeeding beyond all expectations with his MOUTH WASH and TOOTH POWDER. The great secret of his success rests with the fact *that his articles are precisely what they are represented to be, as we can testify from their long use.*"

The well known P. T. Barnum writes: "I found your TOOTH POWDER so good that my family have used it all up. *We send it the best powder for the teeth we have ever used.* I shall feel obliged if you will send me another supply at the Museum at your convenience, with Bill."

But their cost is so small that every one may test the matter for himself.

☞ Beware of the ordinary Tooth Powders. Dr. Hurd's Tooth Powder contains no acids, nor alkali, nor charcoal, and polishes without wearing the enamel. Use no other.

WHAT WILL DR. HURD'S REMEDIES EFFECT?

Dr. Hurd's Mouth Wash and Tooth Powder will give young ladies that finest charm in woman—a sweet breath and pearly teeth. Try them, ladies.

Dr. Hurd's Mouth Wash and Tooth Powder will cleanse the mouth from all foul exhalations, and if used in the morning, will make the breakfast taste sweeter and the day begin more pleasantly. Hundreds of persons can testify to this. Try them, gentlemen.

Dr. Hurd's Mouth Wash and Tooth Powder are the the best preparations in the world for curing *bad breath* and giving firmness and health to the gums. Hundreds of cases of *Diseased Bleeding Gums, Sore Mouth, Canker*, etc., have been cured by Dr. Hurd's astringent wash.

Dr. Hurd's Mouth Wash and Tooth Powder give an additional charm to courtship, and make husbands more agreeable to their wives and wives to their husbands. They should be used by every person having

ARTIFICIAL TEETH,

which are liable to impart a taint to the mouth. Dr. Hurd's Toothache Droops cure Toothache arising from exposed nerves, and are the best friends that parents can have in the house to save their children from torture and themselves from loss of sleep and sympathetic suffering.

Farmers and mechanics! you cannot well afford to neglect your teeth. For a trifling sum you can now get preservatives, than which Rothschild or Astor can get nothing better. Remember that *Dyspepsia and Consumption of the Lungs* often originate in neglect of Teeth. Send for the *Treatise on Teeth*, and read Dr. Fitch's observations on this subject. If too late to arrest decay in your own teeth, save your children's teeth.

NEURALGIA PLASTERS.—Dr. Hurd's Neuralgia Non-Adhesive Plasters are the most pleasant and successful remedies ever prescribed for this painful disease. The patient applies one, soon becomes drowsy, falls asleep, and awakes free from pain, and no blister or other unpleasant or injurious consequences ensue. For *Earache* and *Nervous Headache*, apply according to directions, and relief will surely follow. Nothing can be obtained equal to Dr. Hurd's Compress for Neuralgia. Try them. They are entirely a novel, curious and original preparation, and wonderfully successful. They are of two sizes, one small, for the face, price 15 cents, and the other large, for application to the body, price 37 cents. *Will be mailed on receipt of price and one stamp.*

WHAT ARE THE PEOPLE DOING?

The American people are intelligent enough to appreciate preparations that contribute so much to happiness of those using them, and they wont them. Every mail brings us letters, some ordering the Treatise on Teeth, some the Neuralgia Plasters, and not a few enclosing 37 cts. for the Mouth Wash, to be sent by mail; but to these we are compelled to reply that it is impossible to send a half-pint bottle by mail. The people want these Remedies. *Who will supply them?*

Now is the

CHANCE FOR AGENTS.

Shrewd agents can make a small fortune in carrying these articles around to families. The Dental Treasury is the neatest article that a man or woman can carry around. Send for one and see, or, better, a dozen, which we will sell, as samples, for $7. Agents supplied liberally with circulars. ☞ Now is the time to go into the business, to do good, and make a profit. We are spending thousands for the benefit of agents. New England men or women! here is something nice, and a chance to take the tide at its flood. Address,
WM. B. HURD & CO.,
Tribune Buildings, New York.

That remittances may be made with confidence, W. B. H. & Co., refer to the Mayor of Brooklyn; to G. W. Griffith, President Farmers and Citizens Bank, Brooklyn; to Joy, Coe, & Co., New York; to P. T. Barnum, Esq., New York, etc., etc.
